SUE FUND

The Sue Fund was established to help animals with behavior issues get the special assistance or training they need in order to become adoptable. The Parma Animal Shelter works with several trainers and the Animal Behavior Clinic. Sometimes, the animals are treated off-site by trainers. They will stay with them and are placed up for adoption through the trainers when they're ready. This was case with Boss. His trainer will place him up for adoption in a few weeks. Others are evaluated by trainers and a plan is created for them, which is immediately put into action by assigned volunteers.

Because of the ordeal Sue went through, the volunteers at the Parma Animal Shelter do not want any one of our shelter animals to go without our help. Therefore, in 2005, in honor of Sue, the Parma Animal Shelter established the Sue Fund. Contributions to the fund are earmarked for behavior and training expenses like Sue required.

Yes! I want to help the animals by making a tax-deductible contribution to PAS, Inc.
